Gonzales Cooperative Preschool is a well-established preschool serving Victoria and Oak Bay for over 50 years. We are a member of VICPA (Vancouver Island Co-op Preschool Association).

Our program is designed to meet the unique needs of 3 and 4 year old children. The preschool offers two mornings a week for the three year olds and increases to three sessions a week for the four year olds.

At Gonzales Co-op Preschool, parents participate in the operation and delivery of the preschool program. The preschool class facilitates a pleasant transition from home to school.

Reduced participation options available for those needing more flexibility. Please ask for more details.
